### Shri G. Karthikeyan

I am extremely happy that for the first time a Directory on "pune's" Prominent Malayali have been brought out by Malayalam Media. Even on Government level there is no data available regarding the number of Malayalis living outside the state and there was no attempt by the government agencies so far to bring out such a reference book. I promise full support to the publishers to bring out such directories in other states of the country. The achievements and contributions of Malayalis living in Maharashtra will now be known to the people living inside Kerala.

## WHAT THEY SAID

The new generation of Malayalis and Maharashtrians living in Pune will be able to understand the contributions of Malayalis and exchange their cultures through this reference book.
